Problem Solving & Coordinated Entry

5CHC's assistance begins with a Coordinated Entry Intake, a standardized assessment utilized by Homeless Service Providers throughout the County to ensure a consistent, streamlined experience for those seeking services. This problem-solving process first works to divert people from falling into homelessness by identifying immediate action steps, providing assistance with immediate needs to overcome a one-time barrier and then, if necessary, connects them with services and short-term financial assistance to help stabilize their housing situation. 5CHC's Housing Navigation Center offers access to computer, internet, phone, mailing address, food, and hygiene supplies.

Outreach Efforts

5CHC's Outreach Program is key to addressing the needs of those who are chronically homeless living in South County, by helping them to navigate a transition to affordable housing and services. To meet this difficult challenge, 5CHC's Outreach Team has specialized knowledge of the issues facing those they serve and "goes to where they are." 5CHC works to provide food and essential services while serving as a bridge to community services such as housing, medical, behavioral health, and substance use disorder treatment.
